

# Caldera wins SGIA product of the year award for Software

Caldera's GrandRIP+ won the Best Product of the Year Software Category at the SGIA 06 (The Specialty Printing and Imaging Expo Sept.26-29) in Las Vegas.

GrandRIP+ is Caldera's software solution for grand and large format Print and Print-to-Cut workflow. With its intuitive toolbars, sophisticated printing set-up and control system, GrandRip+ is an ideal RIP for printing super wide format jobs with eye catching colors and contrast.

The jury appreciated the very robust yet easy to use platform for its productivity increasing and quality optimising features, including :

1. Nest-O-Matik Automatically positions files across the roll or sheet for media and ink optimization.
2. SignMark This feature allows you to place marks on the tiles, add eyelets, stitch, fold or and place margin marks.
3. Layout and Compose This feature lets you lay out multiple file elements to create a single job. You can merge, nest, stitch, rotate and combine different file formats, with manual or numeric positioning.
4. RIP and PRINT while you RIP : Caldera enables you to RIP a second

file while you RIP and print another job at the same time.

5. Hotfolders Automatic file capture in dedicated folders for workflow printing tasks.
6. Master RIPs/unlimited Slave PCs One master RIP PC manages unlimited RIP/Printing slave PC's for distributed computing over the network.
7. Multi-Printer and Multi-server spooler. Enables to see all jobs on all printers from one central spooler.
8. Multitask Environment You can print and RIP while preparing, layouting, nesting, color matching...other jobs to be sent on printers.
9. High quality preview display : Sophisticated preflight and preview all jobs before printing.
10. Spot Color Matching Automatic detection of named/spot colors with full simulation of output color based on output profiles.

GrandRip+ is a productive driving force for grand format printers : NUR, Durst, Teckwin, Legget&Platt, IP&I, Spühl, HP/ScitexVision, Vutek, Zund, Lüscher, Matan, Grapo, Gandinnovations...
